

# Carl Hiaasen COVER CHALLENGE

Whether you've read one or all of Carl Hiaasen's novels for kids, challenge yourself to design your own Hiaasen-inspired book cover!

Think of an environmental or eco-related topic that you're passionate about (such as endangered animals or pollution) to be the theme of your story, and choose an animal to be the star of your tale. Write a short summary on the back of this page.

When you're finished, think of a word related to your animal to be the title of your story (like *Hoot*, *Flush*, *Scat*, *Chomp*, or *Squirm*, for example), and then draft a cover featuring your animal and one-word title—remember to be creative and colorful!
