

# HOW TO SURVIVE MIDDLE SCHOOL

A DO-IT-YOURSELF  
STUDY GUIDE

## Add these guides to your students' survival packs!

### PRAISE

“The readable text takes a breezy tone and incorporates user-friendly features. . . . Chapters are expansively inclusive and represent the viewpoints of those not always heard.” —*Booklist*

“Lively prose and an unusually broad scope.” —*Kirkus Reviews*

### A WHOLE YEAR OF CURRICULUM IN ONE ACCESSIBLE BOOK!

#### ● Add these to your course materials list.

- Tips, techniques, and engaging illustrations make each book a **perfect textbook supplement**. Encourage students to work through the study guide as the class works through the textbook.
- Each book is written by a middle school teacher or education expert and **reviewed by curriculum and racial equity consultants**, making How to Survive Middle School an especially **important supplement where textbook content is outdated**.
- Each book covers a core middle school subject and trains readers in critical thinking to help them become independent learners.

#### ● Recommend to parents looking for extra learning support.

- Learning loss from the pandemic is real, and parents are looking for educational supplements and tutoring alternatives more than ever.
- Tutoring isn't the answer for everyone. **Supplemental materials are key**.
- This series is perfect for helping middle graders build the **confidence, focus, and perseverance** they need in their core classes.
- How to Survive Middle School can help bridge any gaps—the organized format and appealing illustrations encourage kids to pick up the books and **dip into chapters that interest them**, instead of reading cover to cover.
