ABOUT THE BOOK

In these days of fake news and lies masquerading as truth, a *New York Times* bestselling author and the illustrator of *The Bad Seed* deliver a perfectly timed read-aloud to prove that the truth is out there, just waiting to be discovered.

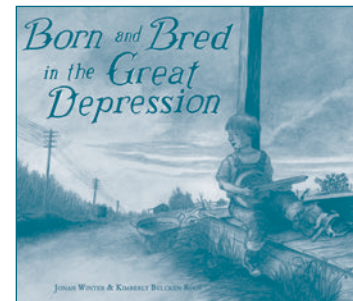

In this spare, ingenious story that reads like a modern-day parable, follow a sad little fact that is locked away for telling the truth. In its underground prison, it meets other facts, all hidden away because they could not lie. Finally, with the help of a few skillful fact finders, the facts are able to spread truth—something that ultimately can't be denied.

Though some people continue to ignore them, the facts are out in the world, ready for anyone who wants to hear, because “a fact is a fact,” and that's that.
